Why Choose Timberline

100% MADE IN USA CABINETS

Every single cabinet in this brochure is 100% made in the USA with sustainably sourced, engineered wood. That means you know you are getting a reliable product from a reliable source.

CUSTOM MADE DESIGNS

We know you want something a little unique just for you. We can adapt most of our cabinets to suit exactly what you need to bring some magic to your new bathroom.

MIX AND MATCH

You can mix and match your selections from our huge range of cabinet colors and handles. Personalize your vanity to create just the look you are after!

What makes the Furniture Collection different?

Maple Dovetail Drawers

The Furniture Collection features solid maple dovetailed drawers. These drawers are all soft close, and feature dovetailed plumbing cutouts, and a smooth, sturdy finish. If you are looking for a more unique vanity, you can upgrade to walnut dovetail drawers for a dark, rich look. See page 68 for more details

Color Matched Interior

The inside should look just as pretty as the outside. In the Furniture Collection, all interiors are color matched to the outside for a premium look and feel. This means your stunning Olive Satin vanity is just as gorgeous when you open the doors, or if you opted for a rich walnut look, you get the same luxurious feel on the inside!

The Furniture Collection is full of little details that make your cabinet a delight to use. From color matched interiors, to solid wood dovetail drawer boxes, the Furniture Collection is classy, quality, and beautiful, inside and out. Inspired by the New England region in Australia, where Timberline was founded, this collection showcases the unique beauty and distinct quality inspired by the charm of Timberline’s hometown, Armidale.

Premium, Solid Wood

- 01. We love the look of premium wood. It instantly makes a vanity look more rich and exclusive.
- 02. We use a mix of solid wood and plywood to ensure the furniture pieces in this collection are sturdy and of the best quality.
- 03. Many of the ranges in this collection are available in Rift White Oak or Walnut. Vanities in these woods use a mix of A-grade veneer and hardwoods for a seamless luxury look.

Standard Sizing

All vanities in this collection come in 2 depth options, 18" or 21". All of these cabinets are designed to fit a standard 19" or 22" top with equal 1/2" overhangs all around (a 21" deep 36" cabinet will fit a 22" by 37" countertop). This makes it easier to mix and match tops and gives you more flexibility. If you have a custom size, please reach out to our customer care team and we will get you a quote.

NOTE

Cabinet height may adjust to compensate for different leg heights, overall vanity height will remain 34 1/2". Legs are decorative (the cabinet must still be mounted to the wall). Legs are shipped loose and will need to be installed during vanity installation, exact placement is left to the choice of the customer. Vanities with wood legs (dover and Chester) come with predetermined threaded holes to screw the legs into

Wood Colors

All of our wood is sustainably sourced premium A-grade veneer or solid wood. 5 piece doors feature solid wood, while our flat/slab pieces are premium wood veneer on a sturdy plywood core.

What Makes Our Furniture Special?

Doweled Tongue And Groove Jointing

All our solid backs and bases are assembled with a tongue and groove joint with multiple doweled fix points. This creates exceptional strength and durability, particularly for wall mounted cabinets. The tongue and groove joint prevents the side from pulling away from the back when pressure is placed on the vanity top. The dowels ensure a clean, hardware free look.

Soft-Close Hinges

Only the best Blum European fully adjustable hinges are used. This allows them to be easily adjusted and offer a long life span. All hinges include built in soft-close mechanisms.

Solid Wood and Plywood Board

All our cabinet boxes are manufactured with a 3/4" solid plywood core, making for a light yet highly durable cabinet that won't swell or bubble with water damage.

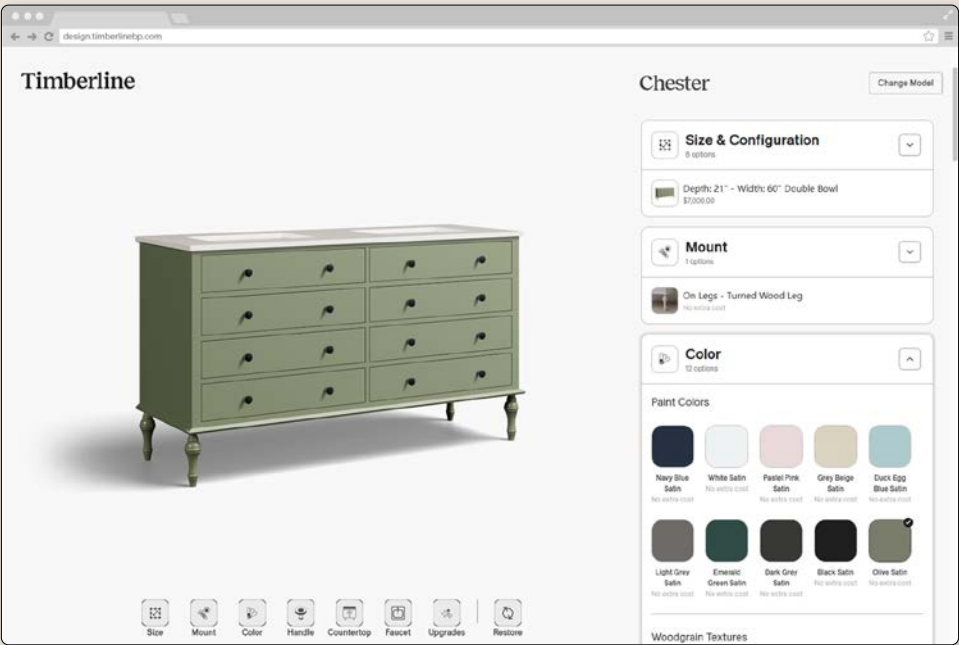

Bracket Free Solid Vanity Back

At Timberline we always use a full 3/4" / 18mm solid back. This ensures the greatest stability for our vanities and makes mounting and installing a breeze. We never use a 1/8" paper lined MDF back.
